Mitch,

I have to compliment you and your staff on your staff on the service we received on Thursday, August 4, 2005. As you know, our office is "on-line" and we need to have food ready for the various lunches as the employees come out. The food was out and ready for each and every lunch. We got good reviews about the food from our employees at each and every lunch.

Not only that, but the girls at the sundae bar went out of their way not only to label the toppings but to add to our Fiesta Day by adding some words in Spanish on the table cloth!

Our Fiesta Day was a great success thanks to you and your employees.

Thanks once again,
